

## COLOUR PACK-C

Colour pigments specifically for use with: Microtopping<sup>®</sup>, Rasico<sup>®</sup>, Lixio<sup>®</sup>, Ideal Wall<sup>®</sup>, Ideal tix<sup>®</sup>, Architop<sup>®</sup>

---

### Description and uses

Colour Pack-C is a mixture composed of UV stable pigments developed for the colouring of: Microtopping<sup>®</sup>, Rasico<sup>®</sup>, Lixio<sup>®</sup>, Ideal Wall<sup>®</sup>, Ideal Tix<sup>®</sup>, Architop<sup>®</sup>.

Colour Pack-C mixes easily with Ideal Work cement-based products and guarantees a uniform colour throughout the mix.

---

### Colours

Colour Packs-C is available in 27 standard colours.

The resulting tone and intensity will depend on the amount of colour used and the cement product that will be coloured.

---

### Mixing

Microtopping <sup>®</sup>	28 grams per	1 Kg polymer
Lixio <sup>®</sup>	28 grams per	1 Kg fluid
Rasico <sup>®</sup>	28 grams per	1 Kg liquid binder/water mixture
Wall / tix <sup>®</sup>	500 grams per	100 Kg powder (4 BAGS)
Architop <sup>®</sup>	28 grams per	1 Kg of Architop catalyst or 1 Kg of Architop catalyst / water mixture for the second coat

If lighter shades are desired, the dosage can be decreased.

---

### Warnings

Mix well before use. Carefully remove any residues that may have formed at the package neck. To check and approve the adequacy and appearance it is recommended to create test sections before proceeding with the application. Do not use with other products unless specified in this data sheet.

---

### Packaging and storage

Colour Pack-C is supplied in 0.5 Kg plastic containers.

It is recommended to keep Colour Pack-C in a safe and cool place and not to open the package before use. Shelf life is approximately 1 year.

---

### **IMPORTANT**

All information contained herein is based on the best and most recently available practical and laboratory testing. It is the customers responsibility to determine that the product is suitable for their chosen application. The manufacturer assumes no responsibility for the results of incorrect applications. You should always test on a small area before full scale application. This document replaces all previous versions. The data can be changed at any time. Also note that the products are intended for professional use only. Ideal Work provides training, updates and refresher courses for their regular customers on request. Anyone using these products without being enabled does so at their own risk.
